

## Technical Data:

### White Food Quality Natural Rubber Sheet

Properties	Value
Elastomer	NR/SBR Food Grade
Colour	White
Hardness	65° Shore A
Specific Gravity	1.55 g/cm <sup>3</sup>
Tensile Strength	3.5 MPa
Elongation	300%
Tear Strength	26
Compression Set	29
Abrasion Resistance	160
Operating Temperature	-45 to +85°C

#### Additional Information

Compounded from a list of FDA approved materials part 177 - indirect food additives sec. 177.2600 rubber articles intended for repeated use.

The specifications for all products are based on the provided mix test results and represent key statistical product figures, but do not specifically guarantee properties. The right to changes for the purpose of technical advancement that do not substantially modify the product are reserved.
